4. In the event the Goods have been delayed, lost, or otherwise not delivered by TTI as contemplated, TTI must be given written notice of such delay, loss, or non-delivery within fifteen (15) days from the date upon which the Goods should have been so delivered.

5. TTI shall have a reasonable opportunity to inspect the Goods, including their packing, packaging, etc., in the same condition as upon completion of Terminal Services and before any repair, alteration, or destruction.

The Customer may transmit this information by electronic data interchange if TTI has agreed it may do so.

(b) If the Owner, agent, master, or other person in Charge of a Vessel or Goods fails to deliver the above documentation within the time period subparagraph (a) provides, TTI may

assess a daily charge of 1/15 of a percent of the total Wharfage charges due subject to a minimum charge of two percent (2%) of total Wharfage charges.

PART II.I

TERMS AND CONDITIONS OF PAYMENT

(a) The use of any Terminal Facility or TTI provision of any Terminal Services is conditioned upon TTI receiving satisfactory assurance that applicable charges will be paid when due. All charges are due and payable as they accrue or upon completion of service or use. The Customer shall pay all Terminal Services at the time of service or in advance. TTI may demand adequate assurances of due performance.

(b) TTI may assess Dockage against Vessels at rates this Schedule specifies. The Vessel, its owners, and charterers are jointly and severally responsible for the payment of Dockage charges.

(c) Customers shall pay Wharfage, Wharf Demurrage, Wharf storage, and other charges, including the Extended On-Terminal Storage/Terminal Congestion Fee (Part VE), at rates this Schedule sets. Charges shall be payable by the owners of the Goods and shall be collected by the Vessel discharging or loading the Goods through its Owner, agent, manager, master, berth assignee, or other authorized person acting as an agent for the Owner. Until TTI receives full payment of all charges assessed against Goods, it may prevent their removal or delivery from the Terminal Facility.

The Vessel, its Owner and charterer (jointly and severally), and any berth assignee are liable for the payment of all charges whether or not collected by such Vessel, its Owner, charterer, agent, or berth assignee. The use of any Terminal Facility by the Vessel, its Owner or charterer, or the acceptance of a berth assignment constitutes acceptance and acknowledgment of the liability for and guarantee of such charges.

(d) Wharfage, Wharf Demurrage, Wharf storage, and any other charges in this Schedule assessed against Goods are liens against all Goods deposited at any Terminal Facility. TTI may hold possession of any or all Goods to secure payment of any charges.

(e) To keep the Terminal Facility free of obstructions, TTI shall serve a written notice on the Owner, agent, consignee, or person in possession or having custody of obstructing Goods, material, or structure, or it may post a notice on the Goods, requiring removal within 24 hours. Upon any failure to comply, TTI may remove and store the Goods, material, or structures wholly at the Charge, risk, and expense of the Goods and their Owner or consignee. TTI may sell the Goods, materials, or structures at public auction with or without notice.

(f) TTI may retain the proceeds of any sale as provided for in Paragraphs II.E and II.I (e) of this Part to satisfy all Schedule charges assessed against Goods, plus 10%, and in the case of obstructions, \$100 additional for each day during which the Terminal Facility has been obstructed. TTI will pay the surplus after expenses of the sale, if any, to the proper persons. The

Owner, consignee, or proper person shall be liable for and shall pay to TTI any charges, fees, and costs remaining unsatisfied from those sale proceeds.

PART II.K

DELINQUENT INVOICES

All invoices issued by TTI are due and payable upon presentation.

Any invoice for which full payment is not received by TTI upon representation is delinquent.

A delinquent invoice is subject to a late payment charge of simple interest of 1.5% per month (18% per annum) after the first thirty (30) days of delinquency.

If a Customer in good faith disputes any portion of an invoice, Customer must, within thirty (30) calendar days, give written notice of the dispute to TTI. Customer must pay any portion of the invoice not disputed (except for disputes governed by 46 CFR § 541.5), as if separately invoiced. For disputes governed by 46 C.F.R. § 541.8, TTI and the Customer will attempt to resolve the dispute within thirty (30) calendar days of receiving such notice or at a later date as agreed upon by both parties. To the extent the dispute is ultimately resolved in TTI's favor by litigation or mutual agreement, the Customer shall pay the late payment charge the date payment would have been due had there been no dispute. If TTI commences legal proceedings to enforce its right to receive compensation under this Schedule, Customer shall pay TTI's reasonable attorneys' fees.

Charges prescribed in other items of this Schedule are separate from the delinquent payment charge assessable under this Section.

Refusal or failure to pay Dockage (see Section III, below) upon presentation of an invoice shall subject the Vessel to placement on a delinquent list and to charges provided by law and this Schedule. No Vessel that has been placed on the delinquent list shall be permitted to berth at any Terminal Facility without first paying double the Dockage incurred and not paid, plus \$100.

PART II.L

U.S. GOVERNMENT GOODS

With the exception of Wharfage and Dockage, Goods for the account of the United States of America or its individual agencies will be subject to contract rates agreed to by TTI and this Schedule, except as otherwise required by law.

PART II.M

EMERGENCY RELIEF GOODS

Where permissible under law, TTI may waive the assessment of all or any portion of any charge for Wharfage, Dockage, Wharf Demurrage, Wharf storage, or any other charge or fee due from any under this Schedule for Goods destined to provide emergency relief directly attributable to

natural disasters. That Goods must be shipped by and destined to a bona fide relief organization.

PART II.N

SHIPPERS' REQUESTS AND COMPLAINTS

Requests and complaints from shippers on matters relating to the rates, rules, and regulations in this Schedule must be made to TTI through its Schedule General Manager.

PART II.O

CHOICE OF FORUM AND LAW

Any dispute arising from this Schedule shall be decided exclusively in the United States District Court for the Central District of California. If the United States District Court for the Central District of California lacks subject matter jurisdiction to hear the dispute, the dispute shall be heard exclusively in the Superior Court of California, County of Los Angeles. All parties consent to personal jurisdiction in California and agree to the application of the state and federal laws in effect in California without regard to conflict of laws, rules, and principles.

PART II.P

SEVERABILITY

If any of the terms or provisions of this Schedule are declared invalid or unenforceable by any Court of competent jurisdiction or any Federal or State Government Agency or governing body having jurisdiction, the remaining terms and provisions shall remain in full force and effect.

SECTION III: DOCKAGE

PART III.A

BASIS FOR COMPUTING DOCKAGE CHARGES

The rates for Dockage shall apply according to the overall length of the Vessel, except as otherwise specifically provided in this Schedule. TTI may measure Vessels when necessary for use as the basis for its Charge.

PART III.B

TIME PERIOD FOR ASSESSMENT OF DOCKAGE

Dockage against a Vessel shall commence when the Vessel is made fast to a Wharf, pier, bulkhead, structure, or bank or to another Vessel so berthed and shall continue until that Vessel is completely freed from and has vacated her berth.

PART III.C

DOCKAGE TO BE PAID BY VESSELS; PAYMENTS DUE AND PAYABLE

TTI may require payment of Dockage before any Vessel leaves her berth.

PART III.D

Dockage rates shall be as set forth in Port of Long Beach Tariff No. 4 or its successor as amended from time to time, as applicable.

SECTION IV: WHARFAGE

PART IV.A

APPLICATION OF WHARFAGE RATES AND CHARGES

Wharfage shall apply to all Goods, not in ISO standard Containers (20'/40'/40'HC/45' in length). The applicable rates and charges for non-ISO standard Wharfage shall be:

- (1) On Inbound Cargo, the rates and charges in effect on the date the Vessel commences discharging Goods and
- (2) On Outbound Cargo, the rates and charges are in effect on the date the Goods are placed on a Wharf or Wharf Premises.

PART IV.B

WEIGHT OR MEASUREMENT

- (a) The Wharfage rates based on weight or measurement for Goods not in ISO standard Containers shall be as set forth in Port of Long Beach Tariff No. 4 or its successor as amended from time to time.
- (b) If a measurement of the Goods is required to determine Wharfage charges and is not supplied, the measurement shall be constructed on the basis of one (1) cubic meter for every 125 kilograms of Goods.
- (c) When freight charges are computed by the Vessel and shown on the manifest on the basis of either weight or measurement, Wharfage shall be assessed on that basis.
- (d) When the basis of the freight charges is not shown on the manifest, Wharfage shall be assessed on the basis of weight or measurement, whichever will yield the higher Wharfage.

PART IV.C

WHARFAGE RATES ON TRANSSHIPMENT GOODS

As used in this Section, Transshipment Goods are Goods subject to Wharfage, upon which the carriage is continuous, i.e., that remain in the possession of a Customer or Customers and are

transferred from one Vessel to another in the Ports of Los Angeles and Long Beach. Wharfage, calculated in accordance with the rates indicated in this Schedule, shall be assessed against Transshipment Goods.

In the event Goods are transshipped, a single Wharfage charge will only be assessed. Wharfage will be assessed on the inbound movement only.

PART IV.D

TRANSFERRED GOODS

- (a) Transferred Goods are Goods received at any Wharf or Wharf premise by land transportation and subsequently removed from any Wharf or Wharf premise by land transportation.
- (b) Transferred Goods shall be assessed Wharfage on the same basis as Goods moving by Vessel. Provided, however, for goods transferred from one Wharf premise to another for delivery to either a land vehicle or vessel, a single Wharfage charge is only provided. However, provided that goods are transferred from one Wharf premise to another for delivery to either a land vehicle or vessel, a single Wharfage charge will apply.

PART IV.E

ASSESSMENT OF WHARFAGE

- (a) Except as otherwise provided in paragraph (b) of this Part, inbound or outbound Wharfage, or both (as applicable), shall be assessed against all Goods.
 - (1) When Outbound Cargo is transferred from a Wharf or Wharf Premises, after having first paid a Wharfage charge, directly to another Wharf or Wharf Premises prior to loading to a Vessel, an additional Wharfage charge shall not apply.
 - (2) When Wharfage has been assessed on Inbound Goods discharged from a Vessel at a Wharf or Wharf Premises, that Cargo may be transferred directly to another Wharf or Wharf Premises without the assessment of an additional Wharfage charge.
 - (3) Goods removed from a Wharf or Wharf Premises into a warehouse or elsewhere, other than directly to another Wharf or other Wharf Premises, as allowed in (1) or (2) above, will be subject to an additional Wharfage charge.
- (b)

Free Time shall commence at 8:00 a.m. after the Goods are placed on a Wharf or Wharf Premises; provided, however, that the days during the loading or discharging operations of a Vessel shall not count as Wharf Demurrage or Wharf storage days if Goods are being loaded on or discharged from that Vessel with dispatch. Free Time will expire at 5:00 p.m. on the last day of Free Time.

PART V.B

Exclusive of Saturdays, Sundays, and Legal Holidays in which the terminal is designated as "Closed" in this Schedule, Free Time shall be allowed on Inbound, Outbound, and Transshipped Goods, as follows:

No Free Time will be allowed on loaded Containers that arrive at the terminal via gate or rail and subsequently depart without any Vessel movement between arrival and departure.

Empty Containers that are damaged and cannot be used for Goods or cannot be moved without special equipment must be removed from the Terminal Facility within 14 days. If not, TTI will arrange for disposal at the Owner's expense.

At the request of a carrier, TTI may agree to manage, administer, and collect carrier's inbound

demurrage. In such circumstances, TTI will reimburse the carrier 100 percent of the collected carrier's inbound demurrage, less terminal demurrage, and an administration fee of 15 percent of the difference between the collected carrier's demurrage and terminal demurrage.

PART V.C

FREE TIME NOT EXTENDED

When Customer is prevented from removing Goods from the terminal, due to factors beyond TTI's control, including, without limitation, organized labor activity of any kind, chassis shortages, rail car shortages, or other rail providers caused delays, Containers remaining at a Terminal Facility beyond the designated Free Time shall remain subject to the demurrage charges in accordance with this Part to the greatest extent allowed by law. TTI may, in its sole discretion, extend the Free Time allowed beyond the last free day with respect to any Goods to the extent allowed by law.
